FEDERAL COMMUNICATIONS COMMISSION
ENGINEERING DEPARTMENT
FIELD SECTION

November 7, 1934.

2022 Engineering Bldg.,
Chicago, Ill.

Mr. G. J. Wood,
Sec., Milwaukee Radio Amateurs' Club, Inc.,
3719 W. Margaret Place,
Milwaukee, Wis.

My dear Mr. Wood:

Answering your recent letter in regard to the operation of a great number of unlicensed amateur stations in Milwaukee, you are advised that an Inspector from this office will visit that city in approximately three weeks and will plan to investigate the situation at that time as thoroughly as the available time will permit, and it would be appreciated if you would advise us as soon as possible your telephone number in order that the Inspector may get in touch with you immediately he is in a position to start this investigation.

It would also be appreciated if you would collect from the members of your club as much definite information as they have regarding the location of these stations.

Your cooperation in this matter will be very helpful.

Yours very truly,

V. D. Hayes.

Inspector in Charge.
